Tank-led Americans And French Recapture Wonju; Reds Mass For New Drive

Slaybaugh, 20-year-old student at Tokyo, Jan. 10 (A)—A small tank-led American and French force fought through a crust of Red Koreans today into the key road-rail center of Wonju. The Allies found the town empty.

Allied intelligence said, however, the Reds have 200 tanks and 500 Chinese planes poised farther north for a big push into the heart of South Korea. It said the Communists have A and P store. Slaybaugh, son of massed a force of possibly 280,000 troops for a new offensive.

Fighting swirled in new fallen snow throughout the Wonju area. Censorship obscured the sharp details but permitted disclosure in a field dispatch that the U.S. Second Division supported by French units was attacking strong enemy forces in the area.

A brief A.P. field service dispatch from the second division front indicated the Korean Reds had counterattacked in force. Timed at 10:43 p.m. Wednesday (8:43 a.m., EST), it said that an attempt to outflank U.N. forces was beaten back. The high point of the enemy attack came at 3 p.m. (1 a.m., EST), the dispatch said. In a loose and roughly played contest, the Gettysburg high cagers rallied in the second half to defeat Shippensburg 45-34 here Tuesday evening in a Couth Penn league game which ended a three-game losing streak for the Warriors.

Coach George Forney's outfit was far from impressive and played far below the form it exhibited in previous contests. The visiting Grey- Chambersburg hounds proved to be a scrappy outfit throughout and were particularly troublesome beneath the boards.

The first period was one of the slowest seen here in some time. A long shot by Linn after a minute and one-half of play brought the initial points for the visitors. Jim Skinner finally tallied on a close shot for the Warriors after no less than 5:15 of the period. Koontz landed a short toss for the visitors and Skinner and Dick Harriel landed shots late in the round to give the locals a 6-4 lead at the quarter. Trail At Half

A goal and foul by Harriel opened the second round which was matched by a foul by Koontz and Waynesboro twin-pointer by Hunter, Harriel and Charley Ford sent the locals' lead rocketing with goals but Green and Keefer retaliated with baskets. Carl Saunders and Hunter exchanged goals. Saunders converted a foul and then successive goals by Keefer and Linn gave Shippensburg an 18-16 advantage at the half.

The Warriors swept ahead quickly in the third period on a goal and pair of fouls by Skinner. A side toss by Linn knotted the score at 20-20. Layups by Cecil McCormick and Skinner and a free toss by McCor- nipped the highly favored Chammick sent the Warriors ahead 25-20 bersburg Trojans 48-45 on the after which they wtre never headed. For years - thousands of Doctors prescribed PERTUSSIN to promptly relieve bad coughs caused by colds. This is the same effective PERTUSSIN you can get today at any drugstore. PERTUSSIN is scientifically pre-pared to act at once. It gently stimulates tiny glands in throat and windpipe to pour out their natural secretions. Thick phlegm is loosened and more easily 'raised'. Your throat is soothed and coughing relieved. Pleasant tasting.

PERTUSSIN is safe and mighty effective for both old and young even small children. Inexpensive.

Harrisburg, Jan. 10 (A) - Only three weeks remain before the January 31 deadline for submitting applications for 1951 drivers licenses in Pennsylvania.

4-POINT PLAN DEVELOPED BY U.S. FOR KOREA

By MAX HARRELSON

Lake Success, Jan. 10 (A) - The United States finally has brought into the open a four-point plan which it hopes the United Nations will adopt as its answer to Communist China's intervention in Korea.

The U.S. proposal, calling for condemnation of the Peiping regime as an aggressor, was outlined by America's chief delegate, Warren R. Austin, in a speech at Atlantic Cty. N. J., last night. Austin said the U. S. is trying to line up strong support for the proposal and he expressed the belief it would succeed.

Its Main Points Although the American proposal has not yet been formalized into a resolution, its main points call for: 1. A finding that the Chinese Reds had flouted U. N. authority and committed aggression against Ko-

2. A reaffirmation of U. N. purposes in Korea, calling for withdrawal of the invader and for all U. N. members to refrain from as-

sisting the aggressor. 3. A call to each member to support action decided upon by the U.N. in proportion to the nation's

4. A move to put to work immediately the collective measures committee to consider the means to

meet existing aggression and prevent further aggression. Not Changing Strategy

Austin made it clear that there was no question of changing the high strategy in Korea, but only a question of getting united action on tactics and timing. "It is of the essence that we move together in the United Nations, and, take my word tress; Hoover sweeper; ice cream freezer; venetian blinds; drapes; lawn for it, we will," he said.

Austin ruled out any direct war against Red China. "No responsible authority," he declared, "proposes to march into the morass of the (Communist-occupied) China mainland.

There was no indication when the United States would submit its proposals.

Already before the U.N. political committee is a British suggestion that the U.N. make a final peace appeal to the Peiping regime. Though given little or no chance for success, such an appeal would postpone introduction of the U.S. plan for a week or more.
